

Blenheim Palace & Pye Work Experience Program The Built Heritage Team

Location: Estate Office/ everywhere

Summary: The Built Heritage team offers truly immersive work experience to those doing A-levels and older.

This is normally 1 weeklong and meaningful to create an environment where we can be listed on the students CV. Many students we support and create meaningful long-term relationships beyond their week with us.

We tailor each week to the student, depending on their area of interest and the student gets to experience a day with the Head of Built Heritage, Clerk of works and the Project Managers as well as produce an in-depth piece of work which is presented on the final day.

We expect a detailed written request and information regarding why they want to work with us. Passion is more important than experience. Places are limited – we will occasionally offer a place for GCSE students in exceptional circumstances.

The Head of Built Heritage is also available to do an afternoon of interview practice and CV writing to those 14 and over as part of the broader offer from the Visitor Attraction.

Our Culture

At Blenheim & Pye, we are passionate about providing an environment for everyone to develop their skills, try new ways of learning, and encouraging their talents to flourish. Our Blenheim Behaviours are shared by all and are an important aspect of joining the Blenheim Team.

- ✓ Relish a New Challenge Everyday
- ✓ Keep Our Promises
- ✓ Show Honesty with Kindness
- ✓ Share a Sense of Belonging
- ✓ Make History
