

Blenheim Palace & Pye Work Experience Program The Gardens Team

Location: Blenheim Palace, Woodstock, OX20 1PP

Summary: Blenheim's gardens are always changing and include a mix of formal, informal, and natural areas. They feature seasonal plants, historic trees, and well-kept views that reflect the estate's long history. Working here means helping to look after a living landscape that needs different skills and regular hands-on care throughout the year.

We are not a traditional garden, so you may be asked to carry out a wide range of tasks. These can include (but are not limited to):

- Edging
- Weeding
- Planting
- Watering
- Raking gravel
- Dead-heading

Please note: This list is not fixed and may change depending on the needs of the garden.

Clothing & Footwear

- Wear clothing you don't mind getting muddy or wet.
- Steel toe-capped footwear is desirable for safety.
